

## About Rebound:

Rebound is a grassroots, community-based, non-profit located in North Minneapolis, Minnesota. It was created to regain possession of the life trajectory of Black youth. Rebound, Inc. seeks to partner with the community in addressing the over-representation of Black youth in the juvenile justice system by leading the way in the innovation and provision of holistic, community-centered, education, advocacy, and rehabilitation solutions.

Rebound believes in the ability of the young people we work with to build resiliency. Resilient people are able to take a fall, get back up, re-evaluate the situation, try again, and be successful. We believe that all the young people that we work with can rebound and be successful. Our staff work to help youth find and develop the necessary tools to be resilient: Competence, Confidence, Connection, Character, Contribution, and Coping.
