RE: Event Sponsorship

To Whom it May Concern,

Rebound, Inc. has been honored to have served the Twin Cities since 2014. We hope that you will consider partnering with us as we celebrate our organization and our amazing partners who have made this service possible! “Unlocking Hope”, as we are calling our 5th Anniversary celebration, will align with our mission to lead the way in the innovation and provision of holistic, community centered, education, advocacy and rehabilitation solutions to the needs of Black youth in the Twin Cities, by providing events targeted to raise awareness and increase wellness in the North Minneapolis community while celebrating our organization and raising general operating capital.

We will kick the week off with a Gala. In addition to a silent auction, raffle, live entertainment and exciting program, the Unlocking Hope Gala will feature Minnesota Vikings Chief Operating Officer, Kevin Warren who will inspire guests with his story of overcoming seemingly insurmountable odds to accomplish success and then leveraging that success to help others in his community. Building on this momentum, the Reform Reimagined Conference will bring change makers from across the country, such as Jewell Jones, Ephraim Walker & Elizer Darris, to Minnesota for a day of active engagement around the needs of our community and how we can innovate and partner to meet them. Next, a “Carnestifair” will continue this theme by bringing community organizations together for a resource fair, carnival & festival providing free food and face paint along with education and access to support services. Finally, a 5K will serve as capstone to the week while getting community members outside and physically active.

For your convenience, Rebound, Inc. has developed several sponsorship models and levels for you to consider. Details regarding these opportunities is attached. If you are interested in becoming a sponsor, please contact me at your earliest convenience. We hope you can join us for this very special celebration!

Sincerely,
